Subject: Updated NCTS-P5 Printing Guidelines – v.1.4 (18.09.2024)

Dear delegates,

DG TAXUD B1 would like to inform you that an updated version (v.1.4 – 18.09.2024) of the Printing Guidelines for NCTS Phase 5 has been published on CIRCABC at the following locations:

- E-CUSTOMS / UCC Projects / UCC NCTS / [NCTS-P5 Printing Guidelines](#)
- E-Customs UK / NCTS / [NCTS-P5 Printing Guidelines](#)
- Public specifications for transit, export, entry / NCTS-Phase 5 / Functional Specifications / [NCTS Printing Guidelines](#)

This latest version includes additional clarifications and specific details to further improve the document's accuracy and usability. However, it is important to note that no modifications were made to the structure of the TAD/TLoI layouts.

We also would like to thank the National Administrations that provided their feedback. Two changes based on the feedback received have been incorporated.

Please note that the NCTS-P5 Printing Guidelines are already applicable during the Transitional Period for countries that have deployed the Phase 5 application. These guidelines will also remain applicable after the Transitional Period ends.
